

Integrated Payment Processing

iATS Payments is a trusted provider of payment processing services to the nonprofit community. iATS and Causeview have partnered to offer simple and efficient credit card and direct debit processing services that are specially designed to save your organization time and money.

iATS offers fixed rate pricing. This means your costs will not increase unexpectedly because of the type of card that’s being used, such as rewards cards or corporate cards. With iATS, what you see is what you get!

Single per item fee	\$0.52
Return fee	\$3.50

PCI Compliance: What You Need to Know

All US-based merchants, regardless of size, must meet established standards of security relating to how credit card data is **stored, processed and transmitted**.

PCI Smart, a program available to iATS clients, offers a comprehensive step-by-step program to achieve and maintain PCI Compliance. If you can provide certification of PCI Compliance from another provider, the annual PCI fee will be waived.

Please be ready to provide iATS with the following documents to ensure a quick account setup:

- Void check from the deposit account
- A copy of your organization’s government documentation of nonprofit status
- Two months of your most current bank statements
- Two years of audited financials or tax returns
